

A black and white line drawing depicting a large group of diverse, anthropomorphic animals and humans riding bicycles together at night. The scene is set against a dark sky with stars and a crescent moon, and a dark, hilly landscape in the background. The cyclists are arranged in a loose, flowing line across the frame. The group includes a man with a beard and a backpack, a person with a mohawk, a rabbit, a shark, a crocodile, a deer, and many other creatures, all pedaling their bikes. The style is whimsical and detailed, with various accessories like hats, backpacks, and baskets. The overall mood is one of unity and adventure.

10 am ~ 1 pm

**With "Pump-It-Up" Fix-a-Flat Class at 9:30 am*
