

SFCT Volunteer Opportunities

Trail work opportunities are listed on our website at <https://sfct.org/trails/>. No experience is necessary. Trail work usually takes place during weekdays and is seasonal (not happening in the winter). You can just show up! Tim Rogers is our Trail Program Manager and can give you more information about specific trail work. Feel free to contact him at tim@sfct.org.

Monitoring Land requires a bit of training and some report-writing. Please contact Melissa Houser, our Land Program Manager, for more information. Melissa's email is melissa@sfct.org.

The **Vamonos: Santa Fe Walks** program offers a number of one-hour walks per month (May-October). Most are after-work hours on paved ADA accessible trails in the city except for one per month on dirt trails. The hikes on dirt trails take place on Saturdays and are usually two hours in length. Volunteers are needed at every walk to walk along with participants ensuring that everyone can walk at their own pace. You would also help to distribute a sign-up sheet before walks begin and a brief survey after. You can sign up to volunteer for one or more walks/hikes by letting Joanne know at joanne@sfct.org. <https://sfct.org/vamonos/>

We often need volunteers to help with land projects and restoration at our **Conservation Homestead** in the Galisteo Basin. No experience is needed. Send an email to melissa@sfct.org if you are interested.

We are also grateful to our volunteers for helping **plan special events** such as the Banff Mountain Film Festival each March and our annual Stand Up for Nature (SUN) celebration each fall. Banff requires volunteers at the Lensic for two nights in March, and SUN is planned by a volunteer committee, staff, and board. The committee begins meeting in late winter/early spring through August to plan all aspects of the fall celebration, providing input on speakers, entertainment, menu, logistics and event schedule, décor, etc. In addition to the planning committee, volunteers are needed on the day of SUN for set up and take down, and sometimes during the event for roles such as serving food and drinks. Contact joanne@sfct.org

We sometimes need volunteer help for other **smaller events**, e.g., Stargazing Party, donor events, Conservation Homestead events, etc. Contact joanne@sfct.org

Miscellaneous other volunteer opportunities such as **graphic design** and **photography** are often needed for special events. Contact joanne@sfct.org

SFCT sends out emails when **office work** is needed, e.g., mid-year and year-end mailings, data entry, etc. To get on our email list, please go to <https://sfct.org/contact/>.

Thanks again, and please let us know if you would like a phone call to discuss anything in detail.
